### Monitoring and Evaluation Policy

<b>Last reviewed</b>	<b>22 Sept 2025</b>
<b>Renewal due</b>	<b>Sept 2026</b>

At the Federation we plan teaching and learning with a view to enable each child to seek the highest level of personal achievement. To ensure that this happens, actions taken are regularly monitored and evaluated. These evaluations are used to inform decisions about the future of the school.

**Monitoring** is the means by which the schools gather information. It is done systematically across a range of activities within the schools.

Effective monitoring:

- promotes excellent learning and teaching throughout the schools
- ensures excellent planning and delivery of the curriculum
- identifies the strengths and needs for development, including professional development
- offers an opportunity to celebrate progress and success
- provides information to support self-evaluation
- ensures consistency throughout the schools
- ensures that every child is making progress and is appropriately challenged to reach their full potential

**Evaluation** is the judgement of the effectiveness of actions taken, based on their impact on the quality of the children's learning.

#### **Monitoring and Evaluation Framework**

Monitoring and evaluation are part of a planned process and involve different people over the course of the year. The performance of each school is regularly reviewed as part of an annual cycle. A timeline for monitoring and evaluation is reviewed annually, as part of the School Development Plan (SDP).
